

Internee Work Report

Name of Intern: Sneha Singh
Email ID: sneha.dibd@gmail.com
Mob No.: 8376828113
Reporting Officer from DIBD: Shailendra Pal Singh
Project: BhashaDaan Data Analysis
Mentor Assigned: Nitin Saxena
Duration: 1 Months (01/04/2026 – 30/04/2026)

APRIL 2026

S.No	Week (with Dates)	Work Assigned/Done
1	Week 1: (1/04/26 – 03/04/26) Onboarding and documentation	Onboarding and documentation: Completed onboarding formalities, reviewed organizational guidelines, and studied project documentation to understand BHASHINI's mission and workflow.
2	Week 2:(6/04/26 - 10/04/26) BHASHINI's website explore	BHASHINI website explore: Explored BHASHINI's official website and internal portals to gain familiarity with tools, datasets, and multilingual AI initiatives. Documented key features and resources available.
3	Week 3:(13/04/26 – 17/04/26) Learning Task of data Ingestion Pipelines	Learning Task of Data Ingestion Pipelines: Studied the architecture of data ingestion pipelines. Hands-on learning with Python and Pandas for preprocessing multilingual datasets. Understood workflow for integrating language data into BHASHINI's BhashaDaan ecosystem.
4	Week 4: (20/04/26 -24/04/26) Bhashadaan data set given	Bhashadaan data set given: Received Bhashadaan dataset for analysis. Explored dataset structure, identified key attributes, and prepared initial preprocessing scripts. Focused on cleaning, validation, and ensuring language diversity coverage.

Shailendra Pal Singh
Senior General Manager

5	Week 5: (27/04/26 -30/04/26) BHASHADAAN data analysis provided with dashboard and documentation	<i>BHASHADAAN data analysis provided with dashboard and documentation:</i> Conducted exploratory data analysis (EDA) on Bhashadaan dataset. Built interactive dashboards to visualize contributions vs validations per language. Prepared documentation highlighting validation gaps, contribution percentages, and mission alignment with language diversity goals.

Reporting Officer from DIBD: Shailendra Pal Singh

Project: BhashaDaan Data Analysis

Mentor Assigned:

Duration: 1 Months (01/05/26 – 30/05/26)

MAY 2026

S.No	Week (with Dates)	Work Assigned/Done
1	Week 1: (4/05/26 – 08/05/26)	Conducted quality checks on the Bhashadaan dataset. Identified anomalies such as duplicate entries, missing values, and inconsistent language tags. Documented issues and suggested corrective measures for data integrity.
2	Week 2:(11/05/26 -15/05/26)	Studied the architecture of the Bhashadaan ecosystem, including contribution-validation workflows. Explored the machine learning models integrated into the system, focusing on their role in multilingual NLP tasks.
3	Week 3:(18/05/26 – 22/05/26) Feedback Dataset Given	Analyzed the structure of the ML feedback dataset. Understood its use cases for model evaluation and improvement. Reformatted the dataset to align with model input requirements, ensuring compatibility with training pipelines
4	Week 4: (25/05/26 -29/05/26) Datasets cleaned and analyzed	Performed cleaning and preprocessing of feedback and contribution datasets. Created a benchmark dataset for model testing. Developed an interactive dashboard and prepared an analysis report highlighting dataset insights, validation gaps, and performance benchmarks.
